

Smart Tunnels and Plugins for Clientless SSL VPN:

Plugins and Smart Tunnels:

Extending the Clientless SSL VPN Features

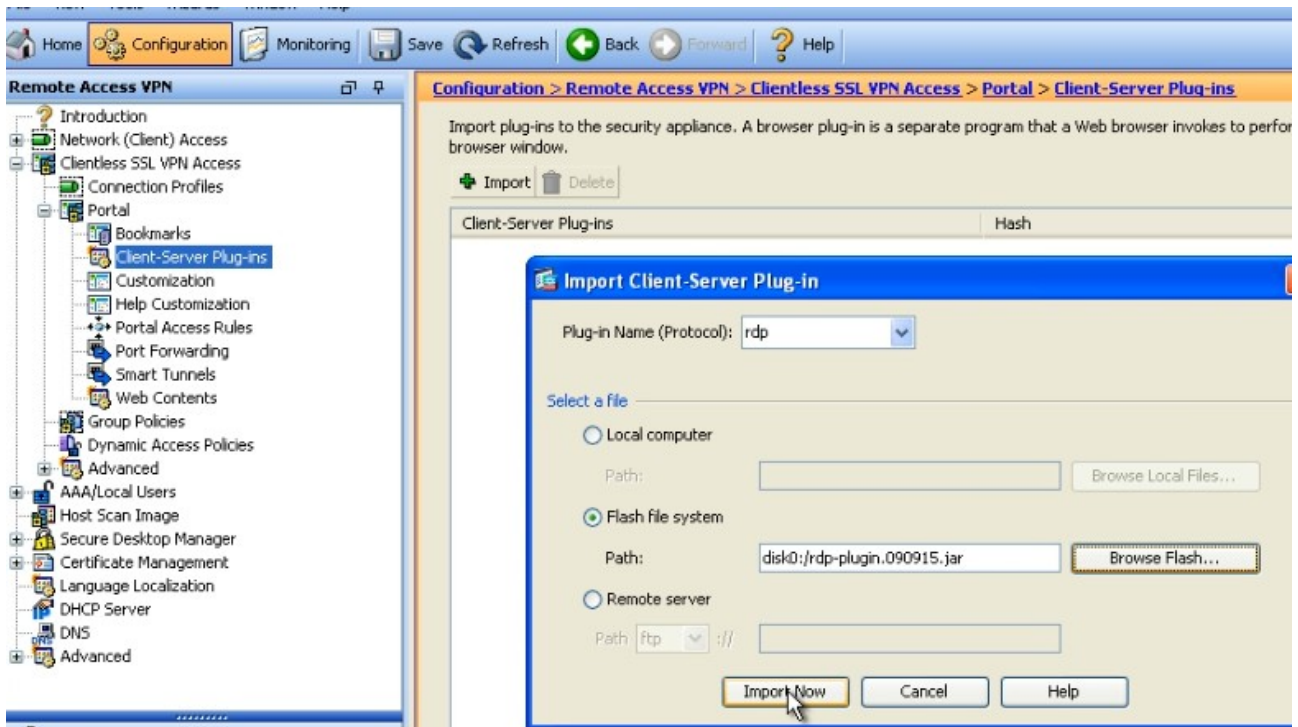

Plugins for remote access
Smart Tunnel specific programs

→ SSH/TELNET CLI

RDP, RDP2
VNC, ICA (Citrix)

←POST→

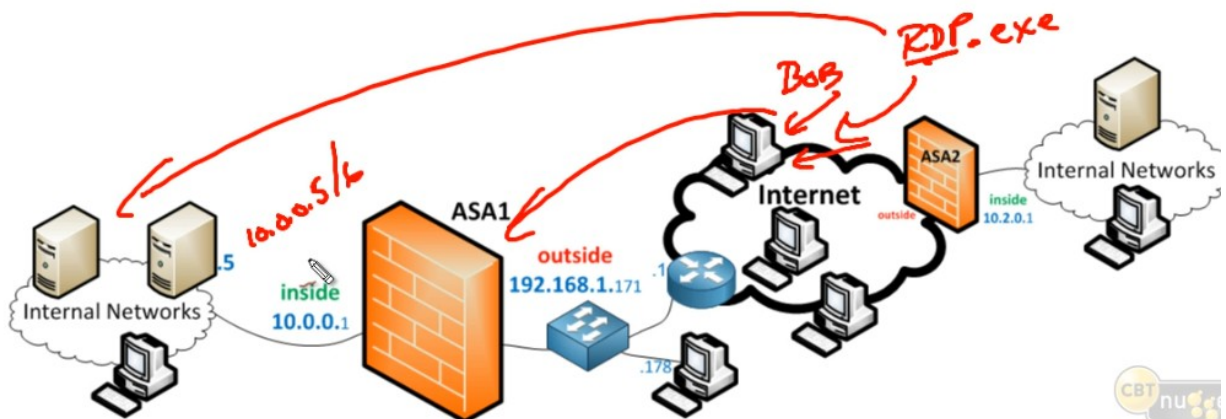

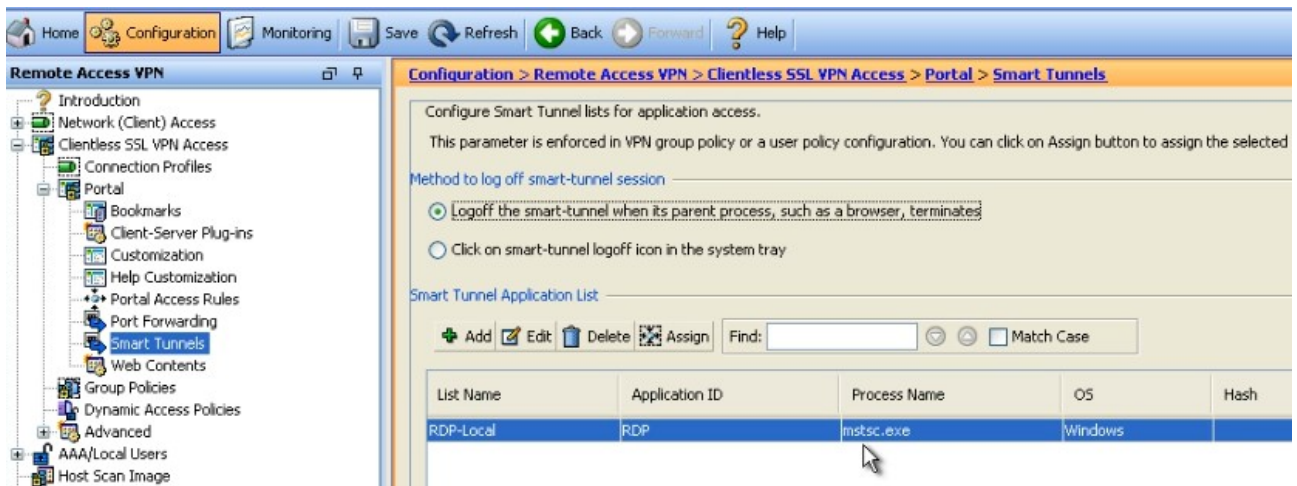

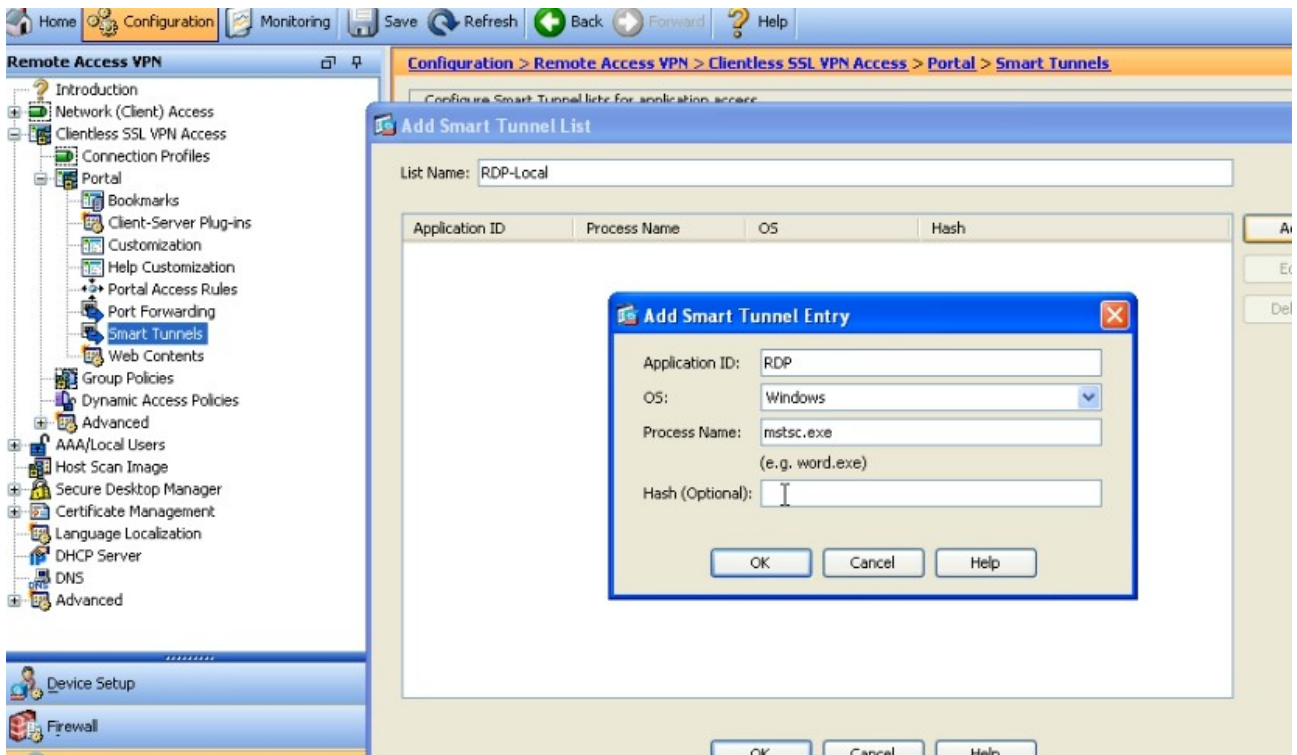

download the plugins from Cisco's website and are .jar file format

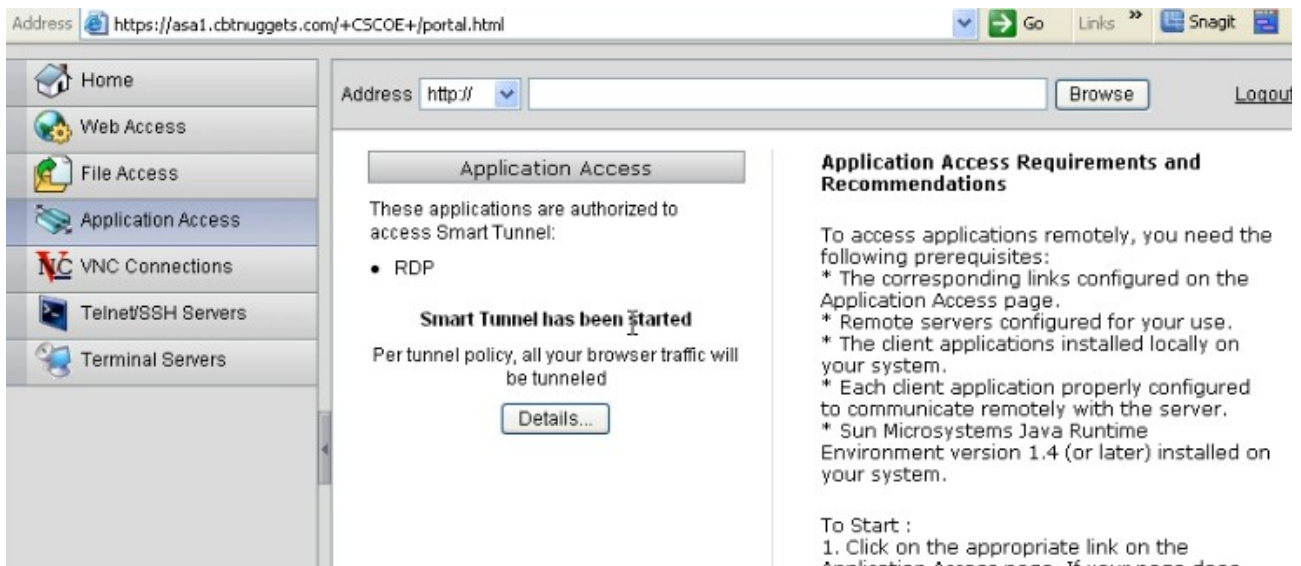

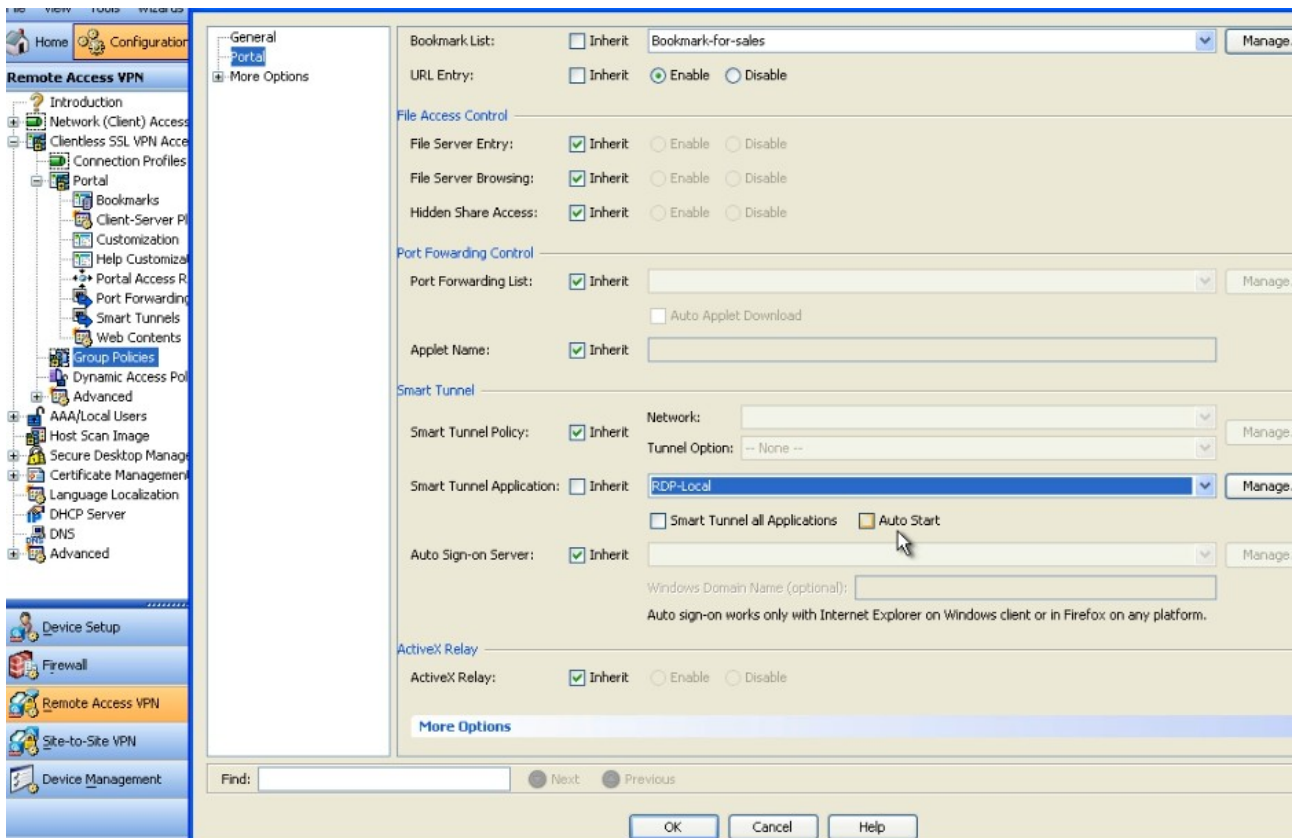

Plugins for remote access
Smart Tunnel specific programs

Port Forwarding
SMART Tunnel

Smart tunnel makes the application run from the client machine itself and doesn't have to use the plugins on the firewall.
